

KAY GERSICH has left her home in New Lenox township for what should be an enjoyable summer. She is one of the high school students selected by the American Field services to spend the summer abroad. There is no school assignment included.

These summer visitors will live with families and so gain a knowledge of the country denied to most travelers. Kay, who is a junior at Lincoln-Way high school, will spend her summer with a family in West Germany. (Marvin Smith photo)

Study Development Plans

Scholarship Takes L-W Girl To W. Germany

Kay Gersich, 16, who will be a junior at Lincoln-Way high school next fall, daughter of Mr. and Mrs. John Gersich, will be on her way to Germany tomorrow under a summer program foreign exchange scholarship arranged by the American Field Services.

Kay and her mother, Leona, boarded a plane at Midway airport at Chicago Tuesday for New York from where she will take ship tomorrow for Rotterdam in the Netherlands and from there she will go to West Germany.

Just what is her final destination in Germany was something that she did not know on her departure from home. The name of the family with whom she will make her home for the next two and a half months and the town in which they reside was information that she was to get in New York.

Kay is a B student at Lincoln-Way and is the first student from the school to win a scholarship that will give her a stay abroad.

She will not attend school but will have an excellent opportunity to become acquainted with German people and customs. She does not speak the language but it is understood that the family that will be her hosts have some knowledge of English.

Thus Kay will have an opportunity to learn German and at the same time help her hosts with their English.

When she left Kay was rather excited.

"I can't wait until I get there," she said. "I am certain that it is going to be thrilling. Possibly, if the family I live with travels, I will get to see something of West Germany."

"I must say, tho," she confided, "that it is a bit unnerving to start out on such a trip without knowing exactly where you are going. But I know the American Field Service will take care of me and that it will be a wonderful summer."

Kay will celebrate her 17th birthday in August. Her father is a pipefitter.

Mokena Board Talks With Subdividers on Housing Program

Approval of plans for a housing development and annexation of the proposed site to Mokena was urged at the regular meeting of the Mokena village board by the developers but the trustees have reached no decision and indications were they did not intend to move too hastily.

The Mokena plan commission previously had gone on record as recommending rejection of the plan.

Briefly the developers propose to build 2,000 homes, some apartment houses and a shopping center on 600 acres, of which they say they have options. They reckon the time to complete the project at about five years.

The site joins the village of Mokena on the east and runs to U.S. 45, south of the Rock Island railroad tracks. The plans also call for building of homes on a 40 acre tract lying east of U.S. 45.

Albert H. Krusemark, attorney for the developers, told the board that the Frankfort trustees and plan group had "informally agreed" to waive some of the provisions in the subdivision ordinance both Frankfort and Mokena are now studying. The ordinance was prepared by the firm of planning engineers hired by the two villages.

Mr. Krusemark indicated that waivers on such provisions as sidewalks, blacktop streets, curb and gutter, storm sewers and lighting would encourage building in the area. For instance there are 91,000 feet of streets in the proposed subdivision east of Mokena.

To follow the county and the proposed Mokena codes on subdivision street with an 8-inch stone base and a final 2-inch coat of asphalt would cost about \$5 1/2 million. Krusemark (Continued on Page 2)

Opportunity for Better Phone Service Beckons to Frankfort

Frankfort residents have an opportunity to get improved suburban telephone service providing—

1. Enough people display interest, and

2. The telephone company is willing and that the necessary red tape that always binds such things is disposed of by the proper authorities.

The first part can be demonstrated easily enough. There are petitions in circulation in the community asking the Illinois Bell to provide Frankfort with a code number or prefix and give it a place among the other communities that can dial Joliet and their neighbors.

The petitions were brought to the community by Attorney Albert Krusemark. Krusemark who is legal counsel for the village, introduced the petitions last Monday night following a meeting of the trustees.

The petitions are not submitted by the village board nor has it anything to do with the matter officially. All of the village officials, however, are in favor of the move and as individuals were the first to sign one of the petitions.

One of the petitions is available in the barber shop operated by Walter Pfaff, the village clerk, and persons who have not seen one of the instruments and would like to sign may call there.

If Frankfort should get this service it would mean that telephone subscribers there could dial Joliet and the other neighboring communities on the Joliet exchange without paying toll.

There would be some increase to the regular monthly bill for such service, it was explained. The exact figure is not yet available but it is understood that it would not be much.

Mokena can call Frankfort and New Lenox by dialing and without paying toll, but Frankfort can call only Mokena.

Petitions like those now in circulation at Frankfort have been proposed for Mokena. It is reported there are many calls made daily between Mokena and Joliet and it would be a great convenience for Mokena subscribers if they could dial direct. It would also be cheaper, it was pointed out, than paying toll.

Village Trustee Noel Elliott, health commissioner, and Superintendent John Francis have arranged for tomorrow's clinic.

Seek Housing For Teachers At Orland Park

Five new teachers will be added to the staff of the Orland Park Elementary school when school opens in the fall, three to teach in new classrooms and two as replacements.

Miss Beata Wajda, who came at the end of the year, is planning to teach in Arizona. Raymond Livingston, coach and 8th grade science teacher, will teach social studies and freshmen basketball at Glenbard high school.

The new teachers are Mrs. Dorothy Davidson, 9889 W. 145th st., Orland Park, who formerly taught at Tinley Park. She will teach in the primary grade. John Davis of Calumet Park, a graduate of Loyola University, beginning his teaching career, Miss Carol Jorth, Milford, Iowa, another beginning teacher, and a graduate of St. Plaf college, Northfield, Minn.; John Kalata of Chicago, beginning his teaching at Orland, is a recent graduate of Loras college, Dubuque, Iowa; and Mrs. Barbara Wile who has taught in Champaign school system, who will move into the area.

The Parent Teacher association is endeavoring to locate housing for some of the new teachers, but so far unsuccessfully. Anyone who can aid in procuring accommodations for any teachers should contact the school office. Their efforts will be appreciated by school officials.

Anti-Rabies Clinic At New Lenox Set For Tomorrow Nite

An anti-rabies clinic is to be held at the New Lenox fire house tomorrow evening, June 19, from 6 to 8 o'clock. Dog owners may buy their license tags at the same time.

The village of New Lenox does not have a dog ordinance yet so there is no village license fee. Residents, however, are required to pay the county fee which is \$1 per dog.

Village Trustee Noel Elliott, health commissioner, and Superintendent John Francis have arranged for tomorrow's clinic.

Mokena School Contract Let For \$59,538

The contract for the six-room addition to the Mokena Willow Crest grade school was awarded by the board of education last Friday night to Sam Molaschi of Joliet. Molaschi's bid of \$59,538 was the lowest of six submitted. The others were Robert G. Regan Co., \$60,660; Stonitsch & Sons, Inc., \$61,288; Modern Builders Corp., \$62,936; Hansen & Petersen Co., \$62,997; and Lindblad Construction Co., \$65,911, all of Joliet.

When architectural services are added to the low bid, the total cost of the building will be \$63,110. The square foot cost is \$10.66, well under the \$13 top figure estimated when preliminary plans for the addition were approved.

The total bond issue approved by voters of district 159 last April was \$4,000. It includes funds for outdoor black top play areas, playground equipment, landscaping, sidewalks and additional road way.

Construction of the addition is scheduled to begin at once. The new rooms will be ready for occupancy about the first of next year or earlier. Until that time, the gymnasium and stage at the Carpenter Street school will be put to work again as temporary classrooms.

Four rooms of the new six-room addition are to be equipped for immediate use for separate classes. The other two will be combined into a multi-purpose room to be converted into class space when needed.

Aims of Special Education Told By School Board

Plans for special education have been discussed by the Orland Park Elementary school board in recent months with the aim of establishing a room for exceptional children by the 1960-61 school year.

As one of the 16 cooperating districts in the Southwest Cook County Cooperative Association for Special Education, Norbert Jerling, representing the Orland district, reported on the plans for establishing some classes during the coming year, at a recent board meeting.

Stanley B. Singer has been employed as the director. His office will be in Tinley Park, the administrative district of the association.

New Lenox Man Killed

C. E. Crook in Head-on Crash

Funeral services for Charles E. Crook, 34, of New Lenox, who was fatally injured in a traffic accident last Thursday night, were held Monday afternoon at 2 o'clock at the Western funeral chapel, Joliet. The Rev. Alfred Hunter, pastor of the New Lenox Methodist church, New Lenox, officiated. Burial was in Hills of Rest cemetery, Joliet.

The victim was a native of Joliet and had been a resident of New Lenox, on North Cedar road, for the past seven months. He had been employed in construction work in the Joliet area for the past 10 years, the last one of which in the employ of Brown and Lambrecht Earthmovers.

He had taken a day off to go fishing last Thursday and was returning home about 6 o'clock when his car was struck by a west bound car. The accident occurred on U.S.

30, on the curve at the trailer park, about two and a half blocks west of Gougar road.

According to the report a west bound car, said to have been driven by Robert D. Reed, 18, of Gallion, O., is alleged to have passed another west bound car, driven by Charles W. Lantis, 67, of Quincy, when apparently there wasn't room for the maneuver.

The driver of an east bound car that was traveling in front of Crook — this driver kept on going and has not been identified — apparently saw the Reed car was running out of the road and turned off on the shoulder. He did not get his car completely off the highway, it was reported, and Crook swerved to his left to avoid striking the car ahead. A witness said he did not believe

Crook could see the Reed car coming because of the curve until too late. The two cars met head-on and in the next split second the other west bound car driven by Lantis piled into the wreckage.

Crook was taken to Silver Cross hospital where he died at 8:25 o'clock on Thursday night. Robert Reed and his 16 year old brother, William, were taken to the same hospital and treated for cuts and bruises. They were released Friday. Lantis was uninjured.

Mr. Crook is survived by a wife, Violet, two children, Laura May, 2 years old, and Charles Jr., 10 months old, of New Lenox; three brothers and four sisters, all of Joliet, Lester, William and Francis, Laura, Mrs. Irvin Sass, Goldie, Mrs. Oliver Pemble, Fayme, Mrs. Elmer Lynn and Margaret, Mrs. Edward Gryzinger.

Trio on Probation

Court Imposes Strict Regulations

Three Mokena residents who pleaded guilty to petit larceny following the stripping of a car stolen by a 15 year old boy, have been placed on probation by County Judge John C. Cowing, but under strict terms.

Those granted probation were Owen Bossard, 20, Jack Armin, 20, and Warren Tomaska, 22 when they appeared in court last Thursday. David Hall, 15, who brought the car to Mokena, had been placed on probation earlier.

A fourth defendant, Jerry Chamberlin, 20, has been freed and the charge against him dismissed. He had previously pleaded guilty to petit larceny but was allowed to

withdraw the plea. Assistant State's Attorneys Joseph McGarry and Joseph Kirinich, who recommended the probation in the cases of Bossard, Armin and Tomaska, said further investigation had revealed that Chamberlin had not been involved in the actual theft of any of the auto parts.

According to the probation terms imposed by Judge Cowing none of the three, Bossard, Armin or Tomaska is supposed to drive a car for two years, not even to go back and forth to work. They are supposed to stay out of taverns; they are supposed to be in their homes by 9 o'clock every night; they are supposed to keep a daily

diary of all their activities. They are supposed to submit their diaries to County Court Probation Officer Paul Ohman when they report to him. According to the probation terms they are to report every two weeks.

Judge Cowing ruled further that their probation regulations are to be reviewed every six months with an eye toward imposing more stringent restrictions or easing them, depending on conditions.

By Thursday of this week each of the three was to have paid court costs of \$23.30 and they also are to pay fines. The fines are \$200 each and are to be paid in installments.

New Exchange Student Coming To Lincoln-Way

Lincoln-Way high school will have a new exchange student this fall. Last school year it was a girl from Denmark, Ella Juul Jensen, who incidentally will be starting her homeward trek a week from Sunday, June 28.

The student from Europe this year will be another girl—

Hanna Heymann

Hanna Heymann, of Hanover, Germany. She attends a classical type of secondary school for girls known as the Katholikschule. She expects to take her graduation examination there in 1962.

Hanna will make her home here with the Henry Blomquist family who reside in a wooded area on Thornhouse Crescent in Banbury, New Lenox township. Mr. Blomquist operates the pharmacy in the Woodruff clinic in Joliet. The Blomquists have two daughters and a son. One of the girls, Susan, is a junior at Lincoln-Way. The other daughter, (Continued on Page 2)

Mokena to Mexico

Youngsters Exchange Letters

Jerry Lehmann, son of Mr. and Mrs. Fred G. Lehmann, Mokena, has spent the past 14 months in Mexico working for the American Friends Service committee, an International Quaker organization.

For the past nine months Jerry has been doing volunteer work in Nanacamilpa, Tlaxcala, Mexico, a town of about 1,500, 31 miles east of Mexico City. Jerry helps in a youth center with a track team he has organized. He also teaches English and chemistry to interested students who come to the Casa de los Amigos (the A.F.S.C. headquarters). However, his main job is directing a 4-H program which involves planting and tending over 4,000 trees and farming 50 acres of corn and oats. Mules are

used for plowing — it takes five hours to plow an acre.

Some Mokena school children sent letters to Jerry for distribution to Mexican children of their age. He took them over to the grade school there and the principal, Prof. Nemesio Sanchez Botis, was so interested that he had his entire 6th grade write to the following children, whose class picture Jerry had received from his mother: Rudy Arnold, Wesley Bisgrove, Linda Bryson, Warren Bormet, Maryann Collins, Neil Erdmann, Greg Pant, Kenneth Ford, Paul Gramme, Russell Gilles, Susan Hitz, Kathy Hunniford, Randy Hurley, Douglas Lavezzi, Virginia Manzke, Larry Newton, Wm. Pommering, Alan Wallenzien, Beverly Walsh, Terry Warning, John Wise and Nadia Zemeske.

Information gleaned from the letters indicate that the school term goes from February to November. The name of the public school is "Revolucion" and covers six grades only. The subjects are about the same as those in this country, except that what we learn as "science" they learn separately as astronomy, biology, botany, zoology, etc.

Prof. Botis, who wrote to Mrs. Lehmann is very appreciative of this stimulating flow of letters to the children of Nanacamilpa and he would like more correspondents, especially for his 3rd, 4th and 5th grade students.

Incidentally, Jerry does the translating both ways — rewriting the Mexican children's letters into English and the Mokena children's letters into Spanish.

Nazarene Church At Orland Scene Of Revival

Revival services that will continue thru Sunday, June 21, began last night in the Church of the Nazarene, 143rd and Ravina, Orland Park.

An evangelistic team made up of the Rev. Oliver Morgan, his wife and daughter, Marshall, are all musicians. They sing and play the piano, accordion and electric guitar.

Mrs. Morgan has studied voice expression and her religious readings will be a part of the special services planned.

There will be services tonight, tomorrow night, Saturday and Sunday nights at 7:45 o'clock. There will also be the regular services Sunday morning with Sunday school at 10 and worship at 11 o'clock.

The Rev. Mr. Morgan and Mrs. Morgan graduated from Olivet college at Bourbonnais, and the Rev. Mr. Morgan was ordained after graduation from Bethany Nazarene college.

The public is invited to all the services.

SEEK FUNDS for Marley church addition. Members of the building committee report approximately \$7,000 subscribed in additional gifts and are confident that the remaining \$11,000 needed will be forthcoming. The proposed addition is to cost \$18,000 and will be of concrete block construction. Standing (1 to r) are Mrs. Edward Sproat, Mrs. Loren Sass, Mr. Sproat, Harwood Stellwagen and Francis Nelson;

seated (1 to r) are Charles Sass, church treasurer; the Rev. Ray Hamer, pastor, and Mrs. Nelson. Russel Lauffer, chairman of the building committee, was unable to be present at the time this picture was taken. The only one present not a member of the committee but an important adjunct to it is the church treasurer.

Library to Keep Open Wednesday Afternoons During the Summer

The Mokena library will be open Wednesday afternoon as well as Wednesday evening during the summer months. Beginning next Wednesday, June 24, the library will be open from 2:30 to 4 in the afternoon as well as the regular evening hours, 7:30 to 9. Those in charge hope the afternoon time will be more convenient for mothers with small children.

Mrs. Rudolph Englehardt will be the librarian in charge during the afternoon hours and will be glad to assist children, teenagers and adults with their selection of books. A new collection of 300 state library books is now ready for circulation. This is a particularly good group, including many new books for adults as well as children.

Any resident of the Mokena area is entitled to use the library. Cards are available at the library, but children under 16 must have a parent's signature before withdrawing books. All children's books are free for two weeks, as is the adult collection from the state. There is a 5 cent charge for adult books from the library's own collection.

The library is located near the west end of Front street, and is operated by the Mokena Book club whose members invite all interested residents to use it regularly.

The June meeting of the Mokena Book club was held at the home of Mrs. Fred Lehman, with Mrs. Gertrude Swart as hostess. In place of the usual book review, the club was entertained with movie highlights from a seven year trip around the world recently completed by the sister of its president, Mrs. Ray Over. As shown by Mrs. Over, the countries covered were Tahiti, Japan, India and a portion of Hawaii.

Closing exercises of the Vacation Bible school of Immanuel Lutheran church, will be held Friday, June 19 at 8 p.m. in the church. The children who have been attending the school will present a program of songs, recitations and demonstrations. Attendance awards will be made to the pupils and service awards to the teaching staff.

The Amvets Auxiliary will meet this evening, June 18 at 8 p.m. in the home of Mrs. Ada Hoogstra, 191st st. Mrs. Carole Rauch will be assistant hostess.

Col. George H. Bills, East Parker road, has returned from a two weeks tour of active duty at Ft. Lee, Va. He was one of 11 army reserve officers of the 322d Logistical command.

Anthony Dina Jr. entered the U. S. Marine Corp reserve June 3, day after he was graduated from Lincoln-Way High school. He left Chicago on a transport at 8:50 p.m. and arrived in Los Angeles, Calif. 1:45 a.m. the next day.

Last Rites for August Habenicht Held Tuesday

August F. Habenicht, 68, a life long resident of this area, died in his home, 17221 67th court, Tinley Park, Saturday June 13 after a long illness.

He was born Nov. 27, 1890, in Orland Park the son of Charles F. and Bertha Hartwig Habenicht. After his marriage in 1916 to Miss Rose Breitbarth of Tinley Park, they made their home in that village.

Mr. Habenicht, who was of an inventive mind, perfected many machines, among which was an unusual water pump. He was a member of the Mechanical Engineer's association and of the Tinley Park Chamber of Commerce.

Surviving are his widow, Rose, five sisters, Mrs. Lena Krohn, Blue Island; Mrs. Marie Istell and Mrs. Ann Burkhardt, Mokena; Mrs. Hattie Bruening, Tinley Park, and Mrs. Rena Ruder, Harvey; and six brothers, John, Emil and Albert, Blue Island; Christ, Mokena, Carl, Homewood and Harold, Chicago. A brother Louis and sister Betty preceded him in death.

Services were held in the Trinity Lutheran church, Tinley Park, Tuesday with the Rev. Carl Hoeh officiating. Burial was in the church cemetery.

LICENSE REVOKED
George G. Johnson, of 134 Francis road, New Lenox, has lost his driver's license. It has been revoked by Secretary of State Charles Carpenter on the grounds that Johnson was driving while drunk.

Civil Defense Sets Up Office On Front Street

Mr. and Mrs. Anthony Dina of 138 Front st., Mokena, have donated an office for use by civil defense officials, at their home address.

At the monthly meeting held this week, James Horras was appointed engineering director to replace Wayne Cundiff, who resigned to move to Phoenix, Ariz. Joseph Schuch was appointed his assistant, and Edwin Dunham, radiological director, by village president James Marti who also attended the meeting.

The highlights of the meeting included the completion of the city plan and the recommendation that an amendment to include a natural disaster section be made to the civil defense ordinance.

The Mokena civil defense had an opportunity to put this plan into effect on May 28, at 6:30 p.m. when C. D. received a severe weather warning on the state police monitor receiver. Personnel were alerted and dispatched to cover Kal Woods, Brightwood, Woodland Circle, Sunny Acres, as well as the village, by the two-way radio system.

The storm tore down electrical and telephone lines and men were stationed to protect life and property.

One such incident was reported at Carpenter and Midland and the fire department dispatched to put out a fire at the location. The companies were notified by C.D. and an immediate response was made.

Mokena's civil defense director, Anthony Dina, advises now is the time to inquire and volunteer your help in civil defense and not when disaster strikes, by writing or calling in person at 138 Front st., C.D. headquarters, or by phoning Mokena 5545 for information.

NEW EXCHANGE—
(Continued from Page 1) ghter, Jennie, and the son Eric, attend grade school.

Hanna has studied English for six years, an average of four hours a week. She also speaks French.

From a description of herself, Hanna is tall, five feet nine inches, and weighs 130 pounds. Her father, Helmut, is employed by a commercial firm and her mother also works as a bookkeeper.

She will be leaving for America soon but the date of her arrival here has not been received as yet by the Lincoln-Way school officials. She will travel with a group of exchange students.

As is often true of European girls, Hanna is interested in track and field events and sports. She also is interested in rowing. She is preparing herself for a journalistic career and would like particularly to work in history, literature, math and physics here in the United States.

Hanna likes to attend the America House at Hancock. Here international questions are discussed. She writes, "We talk amongst other things over the previous history and the backgrounds of political conflicts. Now the history lessons at school enjoy me still more."

Hanna's two hobbies are photography and sailing. She works with a group in the secondary school in photography. They have had opportunity to enter some of their work in competition. Rowing is actually the sport and not sailing, that is of great interest to Hanna. She is on a rowing team at the secondary school and they practice two days each week.

Frankfort and Mokena Streets Need Oil Coat

Mokena and Frankfort boards are planning to lay a light coat of oil on certain streets to alleviate the discomfort from dust.

The Frankfort board is getting prices to coat 2,000 feet of street and to make repairs on Linden Drive.

Mokena, because of the sewer project, will have much more street surfaces to treat than Frankfort. The Mokena board will ask the state highway department if motor fuel tax money can be used for this purpose.

Subdivision, Zoning Codes to be Discussed

There will be a special meeting of the Frankfort village board June 29 to discuss proposed subdivision and zoning ordinances preparatory to passage.

Members of the plan commission and zoning board will sit in on this meeting. The same bodies met with the village board previously but there are still some points to be ironed out.

Next Monday night the village board and plan commission will meet with representatives of the McIntosh subdivision planned for the north side of the U. S. 30 and west of U. S. 45.

This tract is to be annexed to the village. It is expected that tentative approval will be given to the subdivision plat at the Monday meeting. To aid the village in its sewer program McIntosh is prepared to advance \$65,000 — \$15,000 when the plat is tentatively approved and the remainder when final approval is given. McIntosh will be reimbursed out of tap-ins, most of which will be in the subdivision.

MOKENA BOARD—

(Continued from Page 1) mark indicated that his clients wanted to put in stone and chios with oil and asphalt. This would cost considerably less, it was said.

One of the spectators at the meeting wanted to know what would happen to the schools, grade and Lincoln-Way high, and the other taxing bodies who would be expected to provide service, if acres of \$12,000 homes were erected.

Edward Feeley, one of the developers, said that he did not know where such a figure came from, that they (the developers) had not said anything about \$12,000 homes.

He added that they expected to build some model homes and then would build on order.

On the question of whether people might not move into low priced homes because of low down payments and monthly payments and then vacate them later, Feeley said that the turnover was greater in homes costing \$25,000 and \$30,000 than in lower priced homes.

Mayor James Marti read a letter which had been addressed to the developers three weeks ago by Maurice P. Angland, chairman of the Mokena plan commission.

There were three requests—to name the principals in this project, to name the corporations planned to carry on the program, and the names of the areas in which they have carried out similar developments.

The mayor said that so far the letter had not been answered and the village board would like to have the answers.

Plans for the subdivision were laid out by Carl Gardner, a well known planning engineer. Mr. Gardner was present at the board meeting, and said that in planning a community it should be balanced with business, industry and housing in the proper proportions. He also recommended laying out housing areas to fit different types of pocketbooks, and that quality be preserved always.

The Mokena and Frankfort area was ideal for housing, he said, because of the trees and the terrain and their close proximity to downtown Chicago.

One of the objections to the Mokena housing development stressed by the plan commission is that it would eliminate most of the only land available for industry in this particular area.

To just have housing, the plan commission feels, will put too much of a tax load on residents of the area. Industry is needed, it was pointed out, to lighten some of this load.

The Mokena board plans to view some of the housing that Feeley and his associates have built. Mayor Marti also said that the Mokena grade school board wanted to talk with the subdividers regarding their plans.

Broken Meters Will Raise Water Bills in Mokena

Mokena water users who have had meters in need of repair for some time but have chosen to pay the minimum bill rather than have them repaired, will find that it is no longer the most economical way. The village board has ruled that such persons will pay the average bill which will be quite a bit above the old minimum rates. Also meters will not be permitted to grind on in a broken state. They will be repaired.

Appropriations At Frankfort Total \$61,010

The Frankfort village board adopted its appropriation ordinance for the current fiscal year at its regular meeting Monday night. The total amount appropriated is \$61,010 which is approximately \$19,000 higher than last year's appropriation.

It was pointed out by Village Attorney Albert Krusemark that to appropriate funds does not mean that they will be spent. The money must be appropriated, however, if any is to be spent.

The taxes collected by levies on real estate and personal property that comes to the village amounts to around \$5,000, it was said. The rest of the money comes from other sources.

Last year's appropriation or-

dinance was \$42,538. Expenditures totaled \$40,486.61 for regular village needs. Then added to this last figure was \$5,244.36 from the motor fuel tax fund derived from the state. When this was added the total expenditures were \$45,732.97, according to the annual audit.

The current fiscal year began May 1, 1959 and runs to April 30, 1960.

The appropriation ordinance in detail is carried on another page in this edition.

Perfect mass and school attendance awards were given to Susan Petyko, Kathy Hahn, Paul Kervin, Ken McPartlin, Kathy Landry, Ronnie Parchem, Pam Hartung, Patsy Dolan, Dale Brent, Billy Petyko, Joyce Cruise, Steve Parchem, Mary Helen Riley, Alan Parchem, Kathy Reiter, Scott Barry, Tommy Jaklich, Barbara Vondrasek, Brian Brooks and Billy McCollum. Choir members having attained the highest points were Sandra McCollum, Joan McCollum, Kathy Hahn, Susan Petyko, Marlene Heisler, Barb Zusag, Kathy Landry and Lynn Rubin.

It's often argued that the American people must live a Spartan life if the Russian challenge is to be met. This is denied by a top officer of the Chrysler corporation, who holds that economic growth rather than economic Spartanism is the key to America's strength. He says that the only logical way to think about this country is to think in terms of growth in all areas.

Police Department To Acquire Another 1959 Squad Car

With the purchase of a new squad car, the Tinley Park police department will be equipped with two 1959 models

It will be purchased from English Bros. at a cost of \$1,196.20. This figure includes the trade in of a 1958 squad car by the department.

Village trustees agreed to the purchase at Monday's meeting on the recommendation of finance chairman, John Bannes, who reported that of the three bids received, English was lowest bidder.

Your kitchen stays shades cleaner with a modern Electric Range

And you can boil, bake, roast, broil—do every kind of cooking completely automatically.

What a job it is to wash kitchen walls! You need tackle this chore only half as often, you know—when you cook with a modern electric range.

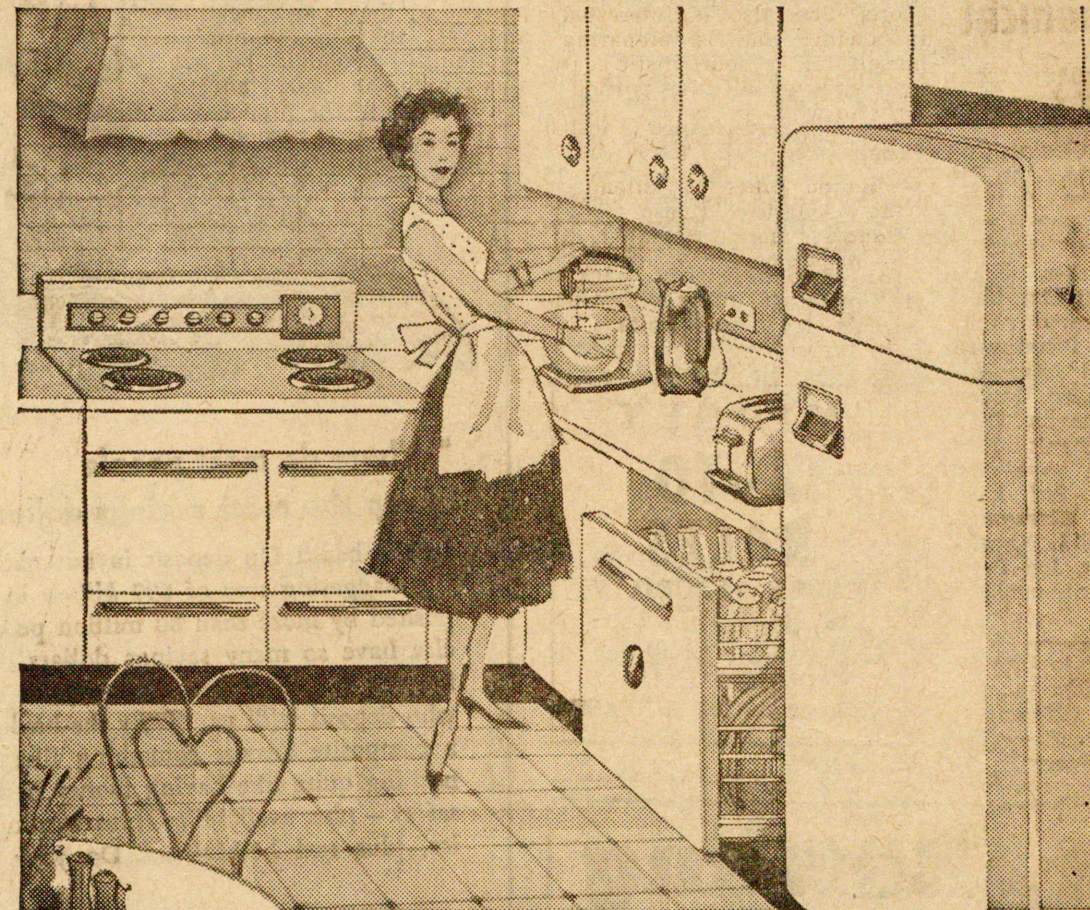

It's easy to understand why. Electric ranges burn no fuel, create no soot. Absolutely nothing cooks cleaner!

But an electric range belongs in the

modern kitchen for other reasons, as well. Electric cooking means accurate control of heat.

For whether you're using the surface units, baking or broiling... the cooking heat stays at the exact temperature you select. (And automatic electric controls are the most accurate made.)

It's also worth knowing that the kitchen equipped with a new electric range will stay modern for years to come.

EAGLES, BRAVES SHOW DIAMOND TALENT

Moe, Yurtis, Hosier of Sandburg, Rodger of Bremen on Star Team

The coaches of the SWS selected the dream team for the 1959 spring edition. They placed three from Sandburg, two from Rich, two from Oak Lawn, two from Evergreen Park, one from Bremen, and one from Reavis on the squad.

Alan Moe
Alan Moe, Phil Yurtis, and Jerry Hosier were the Orland Park representatives on the SWS all-league squad.

Bob Rodger, a repeater from last year's team, is the only Bremen player to make it.

Lincoln-Way did not place a player on the first team or on the honorable mention.

Bremen placed three on the honorable mention list: Rich Norbut, Peter Lovrich, and Luke Kent.

Sandburg had two receiving special notice, bringing its total to five for the all-star squad: Ron Rasmussen and Vince DiBenedetto.

Phil Yurtis was the rubber-arm hurler for the Eagles, who won four games. Yurtis was pitching as much as twice a week. He carried the burden of the Eagles load to a tie for the SWS title. Phil's effectiveness is one big reason that the Eagles were not lower.

Yurtis is not a blazing fast-baller, but a steady hurler with a good amount of poise.

Bob Rodger, a member of the SWS basketball all-conference team, hit for a better than .300 average and with plenty of power. Rodger captured the right fielder's spot in the voting. Rodger has also been picked by the Chicago Tribune for the past two years.

He played for the Roseland Braves of the Connie Mack league. They won the Chicago district and earned a trip to Altoona, Pa.

Rodger probably will matriculate at the University of Illinois. Allan Moe, Sandburg right fielder, was selected as the all-conference left fielder.

Moe's batting average was not exceptionally high but he managed some of those hits that won the games when Sandburg needed them. That kind of man deserves a selection.

Moe will either continue working or go into the U. S. Navy.

Jerry Hosier was a good backstop for the Eagles of Sandburg. Hosier was a consistent hitter for the Eagles. His average was not extremely high — not .300, but he was a steady influence behind the plate and at bat. His hitting was timely as was the hitting of most of the Sandburg team.

Coaches All Conference:
Honorable Mention
Center, Julio DePolo, Oak Lawn, soph; Infield, Art Borowski, Oak Lawn, Sr.; 1st base, Ed Kausal, Oak Lawn, Sr.; pitcher, Peter Lovrich, Bremen, Jr.; pitcher, Louis Kent, Bremen, Sr.; 1st base, Rich Norbert, Bremen, soph.; 3rd base, Ron Rasmussen, Sandburg, Sr.; 2nd base, Vin DiBenedetto, Sandburg, Junior; pitcher, Dick Sammons, Rich, Soph.; outfield, Frank Rice, Evergreen, Sr.; 1st base, Phil Wagner, Rich, Jr.; 3rd base, Dick Whittington, Evergreen, Sr.; 1st base, Harold Pigusch, Reavis, Sr.; pitcher, Joe Prendergast, Reavis, Sr.; outfield, Jim Russell, Rich, Soph.

11-Hit Attack by Frankfort Ruth Club Beats New Lenox, 8 to 2

Frankfort, with an 11-hit attack — featured with Ray Turney's home run and triple, easily disposed of the New Lenox Babe Ruthers, 8-2.

Turney shone brightly in sparking the hitting, batting in four runs and scoring two. Wiegell had 3 hits for Frankfort. Frankfort started quickly with 2 runs, both teams added 2 in the 3rd. Then Frankfort turned on the power and sewed things up with a 4 run outburst in the last of the 6th.

Bradley pitched well for Frankfort, giving up only one earned run.

"Where do most people keep the most savings dollars?"

In the bank! On deposit in our nation's banks is the staggering sum of \$97 billion in savings — deposited by more than 80 million people. Nowhere else have so many savings dollars been set aside for the future. Ask a cross-section of the savers who deposit with us, "Why the bank?" You'll get a composite answer something like this: There's nothing quite like having money in the bank, for safety — plus availability, plus earnings, plus service, plus real helpfulness. Bernie Wilhelmi Out to Repeat Feature Win

Bernie Wilhelmi has served notice on the rest of the field in the midget auto races at Joliet Memorial Stadium: he's out to win the feature event Saturday night.

The Joliet driver, who had finished second three times in six previous features, finally won his first main event last weekend. Now he's out for two in a row, and a share of top spot in the track point standings.

Two other pilots have won two features apiece this season. They're Bob Tattersall of Streator, the 1958 track champ ion, and Danny Kladis, Chicago. And both will be trying to stop Wilhelmi's bid for honors Saturday night.

Among the other drivers in contention for feature laurels will be Billy Wood of Kenosha, Wisc.; Jigger Sirois, Shelby, Ind.; Mel Kenyon, Davenport, Ia.; Newt White, Lockport; Howard Meacham, Lanark and Jolietans Bob Hauck, Russ Sweedler and Dick Akins.

On Saturday's program will be four heat races, a handicapped, 15 lap semi-feature and 25 lap feature. Time trials will start at 7:30 p.m. and the first race at 8:30 p.m.

Browsing Through The Cold Stove League

By DEAN DALLAS, Sports Editor

The Third Annual Pan American Games will open here in Chicago on August 27. Chicago is the host city for the first time.

This will be a sport spectacle. So often we race to the professional haunts, but give your nationalism a bit of exercise and watch the Pan-American efforts.

Wrestling coach John Fitzgerald of Reavis high school is the leading figure in the arrangements of the Pan-Am wrestlings. Fitzgerald is a fine public relations man as well as a highly successful coach.

Oak Lawn finally beat the Reavis Rams in the SWS Suburban-conference this past spring. John had his boys congregate at the announcement of the winner and they gave Oak Lawn a royal shout.

Wrestling coaches are a rare lot. They have . . . at least I have found them to be muscular gentlemen off the mat. But . . . oh! . . . they are different when the competition begins. They push their chair around the mat . . . They scream at the wrestler they have coached . . . They love the wrestler when he is on top . . . Have no idea what happened when he is on the bottom. Actually, they have a considerable amount of faith in the boys they coach.

They are the first to deride, but the first to express explicit faith and confidence in the men. These men are extremists. But extremists have a way of winning.

Don Gee of Orland Park was awarded a letter for his work at Drake of Des Moines, Ia. Dave McGuire won a letter in baseball at Illinois Institute of Technology of Chicago. Gee is from Sandburg and McGuire is a resident of Manhattan and a former student of Lincoln-Way high school.

Joe Devine's summer camp will open soon. Here is a fine opportunity to get boys and girls in an active summer program and also an opportunity for them to learn under fine teaching.

The Frankfort softballers lost to arch-rival Matteson in the season's opener, 9-8. Zeke Zabel hurled 4-hit ball to pace the victors.

Bill Noble, a newcomer to the Frankfort team, pitched in fine style allowing just five hits and fanning seven opposing batters, but erratic defensive play by his mates caused him no end of trouble and the eventual loss.

Joe Kruzich, Lincoln - Way high school basketball coach, third baseman of the Frankfort entry, belted a three-run triple in the 5th inning as Frankfort rallied for its eight runs in the last 3 innings. Zabel, Matteson hurler did a job on the Frankfort team with the bat. He clouted a

double and a triple. Frankfort evened the season with a 6-2 victory over Downers Grove over the weekend. The game was a scoreless tie for five full innings, when the Frankfort team broke it open with a 4-run 6th and then added 2 in the 7th. Noble Lach turned in a well pitched game for Frankfort. He tossed a 6-hitter, allowing just one earned run. Lach struck out 7 Downers Grove batters.

Probably the outstanding play was the great running catch of a long drive in the 6th inning when Downers scored its two runs. This hit, if in, would have meant real trouble.

Kruzich, Schapter and pitch-

er Lach, each had two hits for the Frankfort entry. Downers Grove collected 3 hits in 4 times at bat.

THANKS VOLUNTEERS
As general chairman of the 53 Minute March on Cerebral Palsy I wish to thank your paper for its fine cooperation during our May drive. You enabled us to inform the citizens of the community about the need for funds, which led to the most successful drive in the history of United Cerebral Palsy.

I would like to give recognition also to the community chairmen who worked long hours for many weeks to make the drive possible. It would not have been a success without the aid of:

Mrs. Frederick Abrams, Jr., Blue Island; Mrs. Wm. McCarthy, Harvey; Mrs. Marvin Mindell, Homewood; Mrs. Allen Rice Jr., Markham; Mrs. Wilbur Matthis, Richton Park; Mrs. Leonard Turner, Tinley Park; Mrs. Raymond Manning, Orland Park.

I would also like to thank all of my neighborhood captains, volunteer marchers, the police department, and banks in your area whose efforts were essential to our success.

Last but not least, my sincere gratitude to every person who opened his heart and purse to the cerebral palsied. Each giver has helped to make the future brighter for the 20,000 children and adults afflicted with cerebral palsy in the Chicago area.

Sincerely,
Mrs. Roger Faherty
53 Minute March Chairman

Tinley Church League

Methodists and Zions Unbeaten; Reformed Finally Breaks Ice

Defending champion Zion Lutheran defeated a newcomer to the Tinley Park Church league, the Nazarenes, in a shoddy played game, 14-6. The Methodists, runner-ups last season, continued unbeaten by taking St. George Holy Name, 7-1. Ron Gallina's home run in the top of the seventh prevented the first shutout in league history.

The Reformed church won its first game in two years by beating St. George Knights, 15-7. They scored nine runs after two were out in the 6th inning to turn the trick.

The Zion - Nazarene contest was a close and interesting battle until the 6th inning. Both teams played an adequate defensive game to that point. Then Zion scored six runs on two basehits in the last of the sixth to win going away.

Dean Propp hit a home run for the Zion cause in the 5th inning. A great Methodist defense almost set a new league mark. If Ron Gallina's homer had not sailed away in the final inning, it would have been a shutout.

Harry Verwey was a stand-

out in left field for the Methodist team, making several good catches.

Rich Hopman hit a home run for the Methodists. Rich did some heavy hitting for the Methodists last week. Elmer Gintner had a double and a triple for the winners.

St. George Holy Name could muster only four hits. Gallina's was the only extra base clout in the contest for them.

John Ficker of St. George pulled a fine double play with a great running catch and a tremendous throw to first base to catch the runner going back in.

Area Students Receive Degrees At Universities

Margaret Ann Bettenhausen, 17267 68th ct., received a diploma in nursing and Gerald Jablonski, 17057 Elm Lane, both of Tinley Park, received a bachelor degree in science in education, and Earle C. Stellwagen, 130 E. Second st., Mokena, received his masters degree in science, at the 101st annual commencement, of Northwestern university, Monday, June 15, at ceremonies in McGraw Memorial hall.

There were 2,636 degrees and diplomas given, and 10 honorary degrees; four in law, three in fine arts and two in science and one in humane letters.

Commencement speaker was Kenneth F. Burgess, who this month retired after 22 years as president of the Northwestern university board of trustees. He spoke on "Northwestern, Today and Tomorrow."

There were 852 students at the University of Chicago's 282nd Convocation held last Friday in the Rockefeller Memorial chapel of the University who received degrees. Among them were:

William L. Stelter, son of Mr. and Mrs. Herman W. Stelter, 210 S. Oak st., Frankfort, who received his master of business administration degree, and Horace A. Osborne, son of Mr. and Mrs. Horace A. Osborne, N. Cooper road, New Lenox, who received his master of arts degree in education.

Glen A. Lloyd, chairman of the board of trustees of the university gave the Convocation address.

Mokena Babe Ruths Take Matteson

Ron Yunker pitched 3-hit ball, hit a home run, drove in 3 runs, to lead the Mokena Babe Ruth team to a victory over Matteson, 8-3.

The Mokena team took the lead at the beginning and it was never headed. Matteson scored all of its runs in the 3rd inning.

Yunker hit his homer in the 1st with Jerry Sayers on 1st base. "Skip" Kruzich had two hits for Mokena and a couple stolen bases.

Grosche, Matteson pitcher, walked in 3 Mokena runs in the 5th inning.

New Lenox Taps Manhattan 7-3 To Even Record

New Lenox broke loose with a blistering six-run third inning to whip Manhattan, 7-3. Wildness on the part of Robins, starting pitcher for Manhattan, contributed to the New Lenox victory. He gave up seven walks in 3 innings.

D. Latcin of New Lenox had three base hits in his team's initial win of the year. This was half of the team total.

New Lenox had only six hits for seven runs, but it was a walk to victory.

D. Yarbrough gave up five hits and only one earned run as he pitched New Lenox its first win. Relief pitcher, D. Mundt held New Lenox scoreless over the last 4 innings.

Stocks Thrive

Business and financial analyst Sylvia Porter writes: "Let us say that back in 1959 you received a cool \$10,000 and had this lovely lump sum free to invest as you saw fit. If you had put the whole \$10,000 in a 'typical' one-family house, your investment now would be worth around \$15,000. If you had put it in the U. S. Treasury's 2 1/2 per cent bonds due 1967 (the marketable bonds sold by the government in the war loan drive of 1942) your \$10,000 now would be worth only around \$8,800. If you had put it in 'typical' farm land, your nestegg's value would have grown to \$16,139 by early this year. If you had put it in stocks - the across-the-board list of stocks in the Standard & Poor's stock average - your \$10,000 would be up to more than \$25,100."

WED 50 YEARS—Mr. and Mrs. Arthur C. Geuther, Center road, Frankfort, will observe their golden wedding anniversary Sunday, June 28. They will greet their friends at an open house celebration in the parlors of St. Peter's church between 2 and 5 o'clock. All relatives and friends are invited. Mr. Geuther is a member of the Will county draft board. He was a director of the Will County Cooperatives for many years and also secretary-treasurer of District 13, P.M.A. The couple was married at Frankfort on June 30, 1909 by the late Rev. Gustaf Lambrecht and have resided in the area since.

Plans Farewell Party for Danish Exchange Student

Last July when Ella Juul Jensen arrived from Denmark for a year's study as an exchange student at Lincoln-Way high school, the student council there organized a well come party that was held at the Burton Breidert home at Frankfort.

Ella, who has been the guest of the Lloyd Berlins of New Lenox, is leaving June 28 to start her trip back home. So next Tuesday night, June 23, the student council at Lincoln-Way is sponsoring a farewell party in her honor.

Like the welcome, the fare well will be said at the Breidert home.

Oak Forest hospital patients will be the guests of Comiskey Park for the Sox June 25 game against Washington.

Walter C. Dohl, Oak Forest hospital director of recreation, will serve the hot dogs and pop, always part of the treat.

Tinley Park

Seek Space to House Complete Hospital Unit for Emergencies

Tinley Park's mayor, Elmer H. Knudsen, has been advised that the village thru civil defense can obtain a complete emergency hospital unit complete with 200 beds and other equipment, which would occupy a space of 30x10 feet.

In order to procure this unit, authorities would have to be assured that it would be easily accessible in case of an emergency and also free from the danger of freezing.

Besides the 200 beds, the unit will contain x-ray and operating equipment and a generator for use in the storing and pumping of water.

Anyone having such a space to offer for the storage of the unit is requested to contact the mayor.

Mr. and Mrs. Harry Schmidt will attend the Lions International convention in New York the weekend of June 27. He will be installed as president of the Tinley Park Lions club on June 25, at ceremonies in Valley View Farms, which will be attended by Lions wives. District Governor, Al Webb, will install the new officers.

The combined efforts of Lions clubs in District 1A it was learned, brought \$22,000 to Hadley school and the Leader Dog Foundation.

The Tinley Lions are selling tickets for the circus they are sponsoring on June 27.

Friday, July 24, a brand new Cadillac will be awarded. It will take place in Sanger ball room. Tickets may be obtained from any Lion member.

The Moochers birthday club met in the home of Greta Bingham for their sixth birthday meeting last Monday evening.

Mr. Strang, a graduate of Moline High school, is a pre-theological student at Illinois Wesleyan, and is the assistant minister of Park Methodist church, Bloomington.

A date for the wedding has not been set.

Mr. and Mrs. Arnold Buckley of 4848 Wilshire blvd., were host to approximately 30 guests Saturday when their young son Arnold Jr., celebrated his first birthday. Guests were from Oak Lawn, Chicago and Tinley Park.

Mr. and Mrs. Lewis C. Shawver of Leclair ave. have returned from a delightful trip to the west coast to visit their son and family, Mr. and Mrs. Thomas Hilton, who live in Concord, Calif.

Mr. and Mrs. Wayne Breitbarth of Midlothian were host at a graduation party honoring Robert and Richard Breitbarth and Russel Bettenhausen recent graduates of Carl Sandburg high school.

Sharon Jochum is at-

tending Eastern Illinois university at Charleston, on a music scholarship given by third district, Illinois Federation of Women's club Sharon is a senior at Bremen Community High school and plans to be a music major.

Graduation festivities were held in a number of homes the past week. The Joseph Chalden family entertained Thursday evening for their son Kenneth; Mr. and Mrs. Herbert Hultsch entertained Wednesday evening for their son Keith and Douglas White; Sunday the Ed Sierachi family entertained at dinner for their daughter Rose Ann, and Mr. and Mrs. Anton Stech were host at Valley View for Sunday dinner honoring their daughter Carol.

Mr. and Mrs. Fred Nitsche and Mr. and Mrs. Henry Clark attended the Craftsman club dinner in Oak Lawn Saturday evening.

The Wayfarers held their regular monthly meeting Saturday, June 13 in the social room of the Mokena Methodist church. The Ladies Auxiliary of the group plan to take the men out to dinner for a Father's Day treat next Saturday evening at Lincoln Heights restaurant.

On Sunday afternoon the group attended a special church service for the Masonic Craftsman's club of Tinley Park, of which many of the Wayfarers are members.

Later everyone drove into the city to the home of Mr. and Mrs. Mac Bottema, formerly of Woodland Circle to help celebrate their Silver Anniversary. A mock wedding was held with Al Belanger as bride, Frances Webster groom, Dallas Webster, best man, Henry Nolte, bridesmaid, Florence Bruesser, ring bearer Bill Neuls, flower girl.

Week is Marked By Entertaining, Family Parties

Mr. and Mrs. Clifford White and family were guests at a family gathering Sunday at the home of his grandmother, Mrs. Alma Brown.

Mr. and Mrs. Kenneth Mills and family attended a family picnic supper Friday night at the Ted Massey home, Frankfort. Guests were present from Westmont, Joliet, Miami, Fla.,

Henry Clark, preacher, Edna Clark mother of the bride and Gordon Bruce as the bride father. All had a fine time and enjoyed a delicious buffet supper.

The VFW Auxiliary to Post 2791 held their regular monthly business meeting June 2. In the absence of the president, Mrs. Wm. Houle, the Sr. vice president, Mrs. Alvin Miller, presided.

Mrs. Ray Sullivan, Ways and Means chairman, reported that an ice cream social is planned for Friday, June 19. Game night is every Wednesday at 8 p.m. at VFW club rooms. The public is invited.

Frank L. Konopasek, 16610 Fulton Terrace, Kimberly Heights, received one of his Father's Day treats early this year. On June 11, as president of Pilsen Sokol of Chicago, he had the rare pleasure of initiating his son Frank Jr. as a new member into this fraternal club. The secretary recording the unusual event for posterity was Mrs. Konopasek.

Frank Konopasek, Jr. is a student at Knox College, Galesburg, Ill.

The Sr. MYF of the Methodist church will sponsor an ice cream social on the church lawn Sunday, June 21 from 6 to 8 p.m. Ice cream, cake, coffee and pop will be served. The public is invited.

Yesterday the intermediate MYF enjoyed a party at the Indiana sand dunes. Linda Hall was chairman.

John Pimis, 16733 Sayre ave. and his sons, John Jr. and Steve, caught their limit of northern and walleyes at Orr Minn., while on a fishing trip last week.

New Lenox and Frankfort. Mrs. Michael Orey Sr. of South Bend, Ind. is visiting here this week with her son and daughter-in-law, Mr. and Mrs. Michael Orey and family.

Park visited here. Mrs. Roman Nowicki returned home from Silver Cross hospital Wednesday, where she was a medical patient for five days.

WANT ADS GET RESULTS

Save 129 gallons a year

'59 Ford Pickups delivered 25.2% better gas mileage

... than average of other leading makes

A 25.2% saving averages out to 129 gal. of gas for every 10,000 miles of driving

An independent research firm tested all leading makes of six-cylinder half-ton pickups. And the '59 Fords scored a clean sweep! Better gas mileage at 30 mph, better at 45, at 60, and in city traffic! Come in and test drive a new Ford Pickup today. Check the certified proof on America's thriftiest truck.

Couples Take Out Licenses to Wed

Two area couples were issued marriage licenses in Joliet last week. They are Donald F. Heisler 22, of New Lenox and Jean Hobson, 16, of Frankfort. Also William Wright, 22, and Roselyn Wise, 22, of New Lenox.

"The modern girl usually gets along fine with her mother-in-law because she can't afford another baby-sitter." — Eydie Gorme.

Hold Voter Registration for New Residents Until September 25

By EVELYN VAN HORN
Sycamore 8-8921

New residents who have not as yet registered to vote, may do so with the city clerk until Sept. 25, 1959, at 4730 W. 181st st., from 9 a.m. to 4 p.m.

Fishing licenses may also be obtained from the city clerk. City Council

The City Council met June 8. The firm of Wynn M. Wagner & Co. will audit the accounts of the city since its inception to April 30, 1959.

Notices have been issued thruout the State of Illinois with the assistance of the Illinois Police Association in an effort to employ a full time chief of police for the municipality.

A program for the licensing and inoculating against rabies of all dogs in the community has been set for Saturday, June 20 at the firehouse, 18230 Patrick between the hours of 2 and 5 p.m. Dr. Robert Lawrence of Hammond will be the veterinarian.

He will inoculate dogs at the cost of \$4 and a license will be supplied for \$2 each.

A question arose of Oak Forest charging only \$1.50 per inoculation. Upon investigation, it was found that Oak Forest was charging \$1.50 per inoculation during the past years, including 1958, however they are now charging \$4.

The American Medical Association standardized the price thruout Illinois and the charge of \$4 is standard with all veterinarians.

The annual appropriation ordinance will be presented for passage for the fiscal year ending April 30, 1960, at the next regular meeting of the Council June 22.

The Police and Fire Protection committee is preparing an ordinance establishing the control of discharging fire arms in the city. An appropriation of \$300 was made to replace and repair all damaged street signs in units 1, 2, 3 and 4.

The treasurer's monthly report showed a balance of \$14,083.64 in the general fund and a balance of \$2,066 in the vehicle license fund.

Junior Chamber of Commerce
A meeting of the board of directors of the Junior Chamber of Commerce was held Friday evening in the home of Emil VanTichelt, 17861 Anthony. Plans were made to form a baseball league this year for the young boys in hopes of having an organized Little League next year. Boys ages 7-13 are eligible to play.

The cost this year for equipment to start an unorganized league will run close to \$150 and next year if Little League starts, the cost will be close to \$900. The plans are to start with four teams, one of which the JCC voted to sponsor when Little League is a reality. Sponsors will be needed for the three other teams.

The members of the JCC are soliciting from door to door to raise funds to buy baseball equipment.

Planning and Zoning
Saturday evening the committee on plans and zoning of the Planning and Zoning Commission interviewed James Kline on his request to have his nursery area zoned commercial. The commission will submit a recommendation to the City Council prior to the next Council meeting.

To date the Plan Commission has had two regular meetings. All subsequent meetings will be held in the city hall on the 2nd and 4th Tuesday of each month. These meetings are open to the public and all citizens are invited to attend. The present goal is for a comprehensive city plan and every thing possible will be done to secure a business section within in our city limits within the next year.

School Dist. 160
Mrs. Richard Pierson, a resident of Country Club Hills, will teach in the Junior High during the next school year.

The state building commission gave final approval June 4 for the second new building for district 160.

Three Brothers Get Diplomas

A triple celebration was held Sunday, June 7, at the home of Mr. and Mrs. John Weber, 701 Warner avenue, Lemont, to mark the graduations of their three sons.

Robert graduated that day at 3 p.m. from St. Alphonsus school. Ronald and Donald received their diplomas from Lemont township high school at commencement exercises on the evening of June 10.

A 5 o'clock dinner was served to approximately 60 guests from New Lenox, Naperville, Hinsdale, Homer, Joliet, and Lemont. In addition, other friends stopped in during the afternoon and evening hours to congratulate the boys, who received many gifts.

The guests included Mr. and Mrs. Norman Weber and children, Mr. and Mrs. Matt Weber, Mr. and Mrs. Ray Hoinacki and children, Mr. and Mrs. Ed Hoinacki and children, Mr. and Mrs. Orville Welter and children Mr. and Mrs. P. A. Mirkes, Miss Juanita Mirkes and Mrs. Lorraine Jungles, all of Lemont; Mrs. P. A. Mirkes Jr. and Miss Verna Nickel of Joliet, Mr. and Mrs. Harry Jungles and children of Homer, Mr. and Mrs. Russell Waggoner and children and Mrs. Josephine Jungles of Naperville, Mr. and Mrs. John Fletterer of New Lenox, great-aunt and uncle of the boys, and Henry Krobu Jr. of New Lenox, the boys' grandfather.

Teen Club
The Teen Club plans an outing at the Indiana Dunes on June 29. The club is renting a bus for the occasion. Members will be charged \$1 and non-members \$2.

Plans are being formulated to divide the club into two groups, Junior High teens and senior high teens.

The Teen club has been invited to participate in the Markham Teen club dance, June 19.

Homeowners Association
The Homeowners Association met June 9. New delegates to the Association are William Bellamo, replacing Cass Brady. Donald West and Dan Williams have also resigned.

Mrs. George Shaffner has been appointed to the board of directors of the Teen club to represent the Homeowners Association. Don Swanson, chairman of the board of directors of the Teen club was a guest speaker at the meeting.

He explained that he felt that the Youth Activities committee of the Homeowners Association should be continued as there are many young people in our city and supplying activities for them will be an ever increasing job. He also explained that the Teen club board would like a representative of all local civic organizations to meet with them once a month. Charles Habecker volunteered to be chairman of the Youth Activities committee, replacing Dan Williams.

Several of the mothers have expressed concern over the pools in many backyards. It has been determined that children can drown in two inches of water as well as in 2 feet. It would be wise if all kept a watchful eye for the young children when around the pools, also as a precaution if possible when a family will be away for the day, either drain or take added precaution that no child can come to harm.

United Christian Church
The drive to underwrite the current expenses of the church started Sunday and will continue all this week.

All children of the community are invited to the Vacation Church school to be held Aug. 10-15. Parents are asked to register their children by this Sunday, June 21, so that material may be ordered. Any child who will be entering kindergarten this fall is eligible, as are all school age children.

For more information call Mrs. Gloria Armistead, SY 8-0015. A Child dedication service will be held Sunday, June 21. Parents interested are urged to contact the Rev. Wendell Pew, pastor, SY 9-5116.

Installation of new officers of the Christian Women's Fellowship will be held at the meeting June

Dwight Pentzien, son of Mr. and Mrs. Fred Pentzien, 18021 Thomas Lane, was graduated Sunday from St. John's Lutheran school. He participated in the program by a talk on the theme he had written on Christian Education. After the program, the family gathered at the Pentzien home for a celebration.

Mr. and Mrs. John Toner, 18111 Patrick, spent the week end in Indianapolis, Ind.

Mrs. Galen Lee Rose of Sacramento, Calif., is a guest of her daughter Mr. and Mrs. Wendell Pew for several weeks.

Mr. and Mrs. John Cox, 18051 Baker, received word of the death of his grandmother, Mrs. Maude Gray at Des Moines, Iowa. He left Sunday for Des Moines, and Mrs. Cox who has been spending a week at Alta, Iowa will join him there.

Ken MacKenzie, 18031 Baker was involved in an accident Saturday on his way to work. Although the car was badly damaged, Ken was not hurt and spent the day at work.

Mrs. Glenn Henning, 18020 Anthony, had a fare well luncheon for Mrs. Richard Erwin who is moving to the city. Guests at the patio luncheon June 8 were Mrs. Lorin Nordgren, Mrs. Russell Alsip, Mrs. Don Merriam, Mrs. Al Katz, Mrs. Charles Huckins, Mrs. Jack Ferris.

Mr. and Mrs. Dell Forsgren and family, 18041 Thomas Lane, spent June 6 and 7 at Lake Geneva.

Bobby Nordgren, son of Mr. and Mrs. Loren Nordgren, 18131 Anthony celebrated his 4th birthday, June 12. Guests at the party were Scott Kelly, Sharon Thompson, Robbie Schoonenberger, Laurie and Michael Alsip, Donnie Merriam, Chuckie Huckins, Glen and Judy Henning, Pattie and Steven Erwin, Mark and David Wulf, Timmy Hastings and Laurie and Carl Nordgren, his sister and brother.

Dairy science staff members at the University of Illinois recommend adding 80 pounds of molasses or 200 pounds of corn and cob meal to each ton of grass-legume silage. Molasses provides additional sugar for proper bacterial action, and the corn and cob meal prevents the loss of natural sugars due to runoff.

State laws set up penalties for landowners, tenants, railroads, highway authorities and others who do not cut noxious weeds growing on their properties, according to a University of Illinois professor of agricultural law.

FR. WILLIAM F. WHITESIDE
Cook Co. Ass't Farm Adviser
The most popular question in this office this week was, "What is this cottony mass on the branches of my tree?" Answer: Cottony maple scale. A common, conspicuous, and injurious pest of soft maple, this species is found on several kinds of maples and a variety of other trees and shrubs. The infestations may be heavy enough to kill twigs, branches, limbs, and occasionally, entire trees. The scale insects secrete great quantities of honeydew that drips on branches and foliage of infested trees, and on sidewalks

and automobiles below. A sooty mold that sometimes grows in the honeydew causes branches and foliage to appear black.
The partly grown brown, oval, female scale overwinters on a twig or branch. She grows rapidly in the spring and lays hundreds of eggs in a mass of cottony threads. Heavily infested branches appear as if decorated with popcorn. When the eggs hatch in June or July, young scales migrate to the leaves, where they settle and suck food from the leaf tissue. The males and females become mature in August; after mating, each fe-

male crawls back to a twig for the winter. Fortunately, cottony maple scale has many natural enemies which help control it. However, at times sprays may be needed. In summer, they may be controlled with a Malathion spray, prepared as follows:
1 pint of 50% Malathion emulsifiable concentrate to 50 gallons of water, or 4 table-spoons of 50% Malathion emulsifiable concentrate to five gallons of water; 2 pounds of 25% Malathion wettable powder to 50 gallons of water, or 4 table-spoons of 25% Malathion wettable powder to five gallons of water.

den, and Mr. and Mrs. Robert Klier of Monee, dined out Saturday evening at Grant Park.
Weekend guests of Mr. and Mrs. J. C. Knight were Mr. and Mrs. Franklin Wetherholt of Lovington, Mexico; Mrs. Leo Wetherholt and Mrs. Bean Dickmann of Mansfield, Ill. Mrs. Ruth Barrett and Norbert Scott, Chicago; and Dr. and Mrs. Charles Durham, N. C. The latter will remain as house guests of her father until after the reunion on June 28.

Mrs. Ralph Smith of Manhattan gave a floral demonstration at the meeting of the WSCS last week.
Serving on committees under the program chairman, Mrs. Jacob Hostert, were Mesdames Charles Lewin, Rudolph Urbano, Clyde Schofield, William E. Bettenhausen, Thomas Williams and Roderick Rainford.

Mr. and Mrs. Vernon Bormet of Mokena had a family reunion a week ago Sunday and also celebrated the 80th birthday of her father George Kochel of Frankfort. The 40

guests were from Frankfort, Monee, Joliet and New Lenox.
Mrs. Lilly Herschbach is recuperating nicely in her home after fracturing her left foot.
Miss Karen Herschbach of Joliet and her classmate, Miss Kathleen Wright of Boulder, Colo. were luncheon guests of Mrs. Lawrence Woodman and Mrs. Lilly Herschbach Monday noon. Both are students at the University of Colorado.
Mrs. Leona Guzik of 240

Center st., Frankfort, presented her pupils in a piano concert in the Methodist church, Sunday evening, June 14.
Those who performed were Bob and Rich Been, Arlene Sangmeister, Linda Vaughn, Evelyn Heyer, Marilyn Sangmeister, Gregory Guzik and Ruth Piggish.
Writing in National Review, Robert M. Bleiberg observes: "In a competitive market the goal of every entrepreneur is to increase profits not by rais-

ing prices but by cutting costs model, the entrepreneur con- and expanding markets. More stantly is seeking to turn over to the dismay of those equilibrium into dynamic who view the economic sys-change in order to profit tem as some kind of static thereby."

Methodists and St. Peter's Set Dates of Annual Church Picnics

By KATHARINE HEISNER
Frankfort 5187

The annual picnic of the Methodist church will be held next Sunday, June 21 in the Frankfort picnic grove, better known as the former Arthur Geuther grove, on Rt. 45. The morning worship service will be held as usual at 10:30 a.m. but Sunday school will not be held. A potluck dinner will be enjoyed, with coffee furnished. In the afternoon ice cream will be served. In case of rain the picnic will be held in the church basement.

The annual picnic of St. Peter's United Church of Christ will be held on the usual last Sunday in June, June 28. There will be an outdoor service at 10:30 a.m. with the children giving a program.

This will take place at the North Van Horn woods. A potluck dinner will be served at noon and the afternoon will be spent in fellowship and games.

The Rev. and Mrs. Erich B. Bizer attended the wedding of their nephew Roland Bizer to Miss Linda Huet at Bethany church in Chicago, last Saturday afternoon. The groom is a student at Eden seminary.

The Women's Guild of St. Peter's church will meet Thursday, June 25 beginning with a 1 p.m. dessert luncheon. "Religion and the church" will be given by the Spiritual Life department, with Mrs. Joe Scott in charge of the devotion. Mrs. Henry Breidert will lead the business meeting.

The St. Youth Fellowship of St. Peter's church will sponsor a trip to Riverview park, Chicago, Thursday evening June 25. The bus will leave the church about 6 p.m.

Mrs. Blanche Mitchell spent last weekend with her daughter and family, Mr. and Mrs. Robert Frey in Steger. Sunday they all attended the eighth grade graduation exercises, which was the first class to be graduated in the new St. Liborius church in Steger. Lawrence Frey was one of the graduates.

Mr. and Mrs. Harry Miller, Mrs. Katharine Heisner and Thomas and Keith Heisner spent Sunday with Mr. and Mrs. Edward Lane at Culver, Ind.

The Frankfort State Bank is still collecting for the Barbara Carlson fund. Any amount, large or small, is much appreciated.

Mrs. L. G. Margritz of Aurora, Neb., returned to her

cation at Minona, Wis.

Mr. and Mrs. Donald Lorenz and their children Dean and Lori have moved into their new home in Lincoln Meadows.

Mrs. Velma Ebert, 11th district Community Service chairman, of the American Legion Auxiliary and Mrs. Marilyn McManimen, Frankfort unit secretary, attended the district convention at Harwood Post 5 in Joliet Sunday.

They heard many inspiring reports by the different chairmen on the ever extending work the Auxiliary is quietly performing each day.

Mrs. Ebert will also attend the Dept. of Illinois convention along with Pres. Lois Burkett, Pres. elect Joyce Hecht and Bernice Anderson, when it convenes July 16-18 in Chicago.

Mr. and Mrs. Leslie Koenig, Mr. and Mrs. Robert Simpson, also Mr. and Mrs. Henry Kuse and Mr. and Mrs. Norbert Brockman, both of Green Gar-

BOUNDARIES OF THE PROPOSED MOKENA PARK DISTRICT—The citizens within the area shown on the above map are to vote June 27 on the question of whether to establish a park district in the Mokena area. There will be one polling place, the Cooper-Hostert garage on Front street, Mokena. Voting hours are from 6 a.m. to

6 p.m. The heavy black line on the map marks the boundaries of the proposed park district. One will note that it embraces a strip in New Lenox township and also in Orland.

At the same time the people will vote on the question of forming a park district, they will also choose a five-member board to administer the

affairs of the district, if it is organized. There are nine candidates for the five posts as park commissioners: Charles Swanberg, Mrs. Hugo (Florence) Niethammer, George Bennett, Arthur Orland, Clarence Lauffer, Edwin Yunker, George Bills, Kenneth Sherwood and George Carlisle.

Lincoln-Way Adds to Faculty

When Lincoln-Way high school opens next September for the 1959-60 term, there will be two more faculty members, bringing the total on the staff to 34.

Four of the teachers resigned at the close of the school year that they might take graduate work. Neil H. Hardy, Trude Hoffacker, Joseph Toms and Thomas Hake. The latter has accepted a fellowship at the University of Chicago where he will work in research in bio-chemistry. The Hakes will continue to make their home at New Lenox.

Nine others also tendered resignations. One of them, Mrs. Mildred Foster, resigned during the fall semester when her husband moved to California. Mrs. Elizabeth Zorn resigned at the close of the school year when her husband moved to Colorado. Mrs. Emily Green, girls physical education, resigned to go back to Tennessee with her husband.

Mrs. Evelyn Kerwin, English teacher, who lives at Lockport resigned to take a position on

the high school faculty there. Mrs. Elizabeth Elliott, speech and English, will teach at Portland, Ore. next year and Mrs. Eunice Harra, English, will be on the staff at St. Charles high school. Mrs. Margaret Gentry is to teach at Glenbrook, and Barbara Sprayberry who has been in charge of girls physical ed. at Lincoln-Way since the school opened, is going to teach at the new high school at Flossmoor, as is William Cady, an instructor in shop courses.

The new teachers appointed to the faculty include, James Wrath, formerly of the Mokena grade school staff until last year when he was on the staff of the Beecher high school. He will teach U. S. history, social studies and aid in coaching basketball. Wrath had some very good basketball teams when he was at Mokena grade school.

Also on the list of new teachers are William Avila, a graduate of Iowa State Teachers college, physics and general science; William Colgan, graduate of Northern Illinois U.

and a teacher at Kirkland high, general science and math; Al Dalkowski, English and guidance, Michigan State, now teaching at New Buffalo, Mich.; Melvin Donahoe, English and speech, U. of I. teaching at Beecher high; Barbara Federman, girls phys. ed., Eastern Ill. U., beginner; Loretta Quilloyle, chemistry and math, Illinois State Normal, beginner; Rosalie Johnson, girls phys. ed., Eastern Ill. U. teaching at Fairbury, Ill. high; Martin Mackay, business education, No. Ill. U., beginner; Eugene McGivern, latin, social studies and athletics, Iowa State Teachers college, teaching at Tipton, Ia. high school; Betty Morrison, French and English, U. of I., taught in New Lenox grade school this year; Raymond Page, general shop and football, U. of I., beginner; Loyd Dale Provov,

Among The Popular Myths

Mere repetition of a statement does not make it a fact nor give it legal status. Such practice, however, does give rise to numerous popular fallacies.

One classic example, of course, is the assertion that striking a person wearing eye glasses is a penitentiary offense. Or that every dog is entitled to one bite. There are many other things accepted as fact or law which have no real standing and among them is the belief that a newspaper is liable if the wrong price for an item is carried in an advertisement.

The advertising head of a chain store organization has helped the myth along by the following statement:

"A newspaper advertisement is a written promise to the prospect which is officially signed by the advertiser and therefore it represented an irreplaceable contract between the buyer and seller."

This sounds quite impressive, especially that bit about "officially signed," but it should be remembered that the source of this statement is an advertising executive and whatever prefix he may be entitled to add to his name it is not Mr. Justice of the Supreme Court.

What he says is merely his opinion. The courts have ruled otherwise. The courts hold that an "advertisement is merely an invitation for prospects to consider the purchase of merchandise if it is available at the price advertised."

The reasoning behind such decisions is this—a contract is not valid until a buyer agrees to purchase and a seller agrees to sell at a

consideration agreeable to both.

Just to read an ad and having a desire to buy does not constitute an agreement to buy, the courts have held. The buyer cannot force an advertiser to sell, nor can an advertiser force a buyer to buy. They must arrive at an agreement before there is a contract.

That is the reason, it was explained, why the wrong price in an ad does not require the seller to sell at that figure and that is also why a newspaper cannot be held liable if the seller chooses to sell at the advertised price.

No newspaper makes an error intentionally. Getting out a paper entails much work, involving a multitude of details, and most of it done in a rush and under pressure. The remarkable thing about it is the few mistakes that are made.

In the decades we have been publishing, there have been but very few price errors in our advertisement. Even one is too many, as far as we are concerned and all newspapers feel the same. But we may as well face it—error may always be expected to pop up from time to time in any undertaking operated or directed by human beings.

There is no reason why we should print this explanation at this time other than that we have had two recent inquiries on the subject from persons who were arguing about it and had arrived at the "Ibetcha" stage. You know—one fellow says to the other fellow: "All right, wannabet," and the other fellow says, "All right, Ibetcha." And we thought others might be interested too.

So we just want to set the matter straight.

Canvass Confirms Landslide Returns At Palos Heights

(CNS) — A canvass of the results of the first election of officials for the City of Palos Heights confirmed the landslide victory of the Economy party slate.

The new city's first mayor is Z. Erol Smith Jr. who polled 624 of the 635 votes cast for the office, according to the canvass conducted in County court. The other votes were split among seven write-in candidates.

Other unofficial results of the June 6 election were confirmed by the canvass.

New office holders include Henrietta Marjan, city clerk, and James W. Taber, city treasurer. The eight aldermen are Wm. A. Watson, Norman C. Meyer, John A. Brown, Oliver S. Johnson, Robert I. Cooper, Fred G. Minuth, Richard J. Darby and John B. Johanson.

Incorporation of Palos Hts. as a city was approved at a special election April 11. It was the second attempt this year and the fourth since 1949 to incorporate.

At least 35 species or subspecies of poisonous snakes are known in the United States. Bites are estimated at 3,000 a year, but the death rate is low — 10 to 20 a year. It is pointed out, however, that the hazards may increase as camping and other outdoor activities become more popular.

PUBLIC NOTICE

Notice of Proposed Filing To the Patrons of the Illinois Bell Telephone Company:

The Illinois Bell Telephone Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission provisions in its General Local Exchange Tariff which will permit a subscriber who requires two or more main line telephones in a household to subscribe for different types of residence service.

A copy of the proposed filing may be inspected by any interested party at the business office of this Company at 901 State Street, Lockport, Illinois.

All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

ILLINOIS BELL TELEPHONE COMPANY By H. T. Clarke, Manager June 18, 25

NOTICE OF CLAIM DAY NOTICE is hereby given to all persons that August 3, 1959 is the claim date in the es-

tate of Charles J. Graham, Deceased, pending in the Probate Court of Will County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons.

John H. Graham, Administrator Charles H. Blim, Attorney June 12, 1959 June 18, 25, July 2

NOTICE TO:

JOHN BODIO, owner and the person to whom last assessed; CITY OF JOLIET, ILLINOIS; and UNKNOWN OWNERS or PARTIES INTERESTED IN SAID REAL ESTATE.

TAKE NOTICE that on October 18, 1957, Anton Ostir and Mary L. Ostir, at a sale made in pursuance of a decree entered by the Circuit Court of Will County, Illinois, in the cause entitled, "The People of the State of Illinois vs. John Bodio, Et Al.," and numbered 58942, purchased the following-described real estate:

Lot 31 in Hyde Park, a Sub-division of part of the East Half of the Northwest Quarter of Section 17, in Township 35 North, and in Range 10 East of the Third Principal Meridian, according to the Plat thereof recorded May 29, 1924, in Plat Book 17, page 55, as Document No. 367680, situated in Joliet, Will County, Illinois.

That there was included in the decree for which said real estate was sold, general taxes for the years 1932 to 1935, both inclusive, and installments 1 to 10, both inclusive, due in the years 1937 to 1946, both inclusive, respectively, of the City of Joliet, Illinois.

That the time of redemption from said sale will expire October 19, 1959.

Further take notice that the purchasers have, this 12th day of June, 1959, filed a petition in the Circuit Court of Will County, Illinois, in Case No. 58942, praying that said Court order and direct the County Clerk of Will County, Illinois, to issue a tax deed conveying said above-described real estate to the purchasers if said real estate is not redeemed from said sale in the time allowed by law.

You and each of you are further notified that if no redemption is made from said sale within the time allowed by law, the purchasers will, on the 20th day of October, 1959, at 9:30 A.M., or as soon thereafter as said petition can be heard, appear before His Honor James V. Bartley, Judge of said Court, or before such other judge as shall be sitting in his stead, in the Court House at Joliet, Illinois, and apply for an order on said petition, directing that a tax deed conveying said real estate issue to the purchasers, at which time and place you may appear if you so desire.

Dated this 12th day of June, 1959.

On Second Thot

By GLENN LOGAN

We had just closed the door to our deadfall to shut out the disturbing sounds of people at work when it was pushed open and Jefferson Z. Throckmorton eased his long frame thru the portal and folded himself into our resting chair.

He yawned, cradled his hands on his midriff, stretched his legs out and sighed. "I'm worn out," he announced, "completely. Some people tell you they are worn to a frazzle but I want to tell you I don't even have a frazzle left."

There are some who call Jeff lazy, a charge that he denies with some indignation. He explains that any similarity between laziness and his love of ease is purely coincidental, that he is a man who is careful to conserve his energy whenever possible.

He points out further, on occasions, the lot of a serf is to toil and that he, Jefferson Z. Throckmorton, is a serf. A serf, according to Jeff, is a man with a wife and five marriageable daughters.

Jeff's appearance at the office surprised me. I had heard that he was to start on a vacation trip, and mentioned this. "The wife and daughters are taking the trip," he said. "I'm staying home and believe me, that is really a vacation."

He was supposed to accompany his family but was so worn out in getting ready for the trip that he was tucked out before it started, Jeff said.

There is so much work to do in getting ready to go on a vacation that one really needs three of them, Jeff opines — one before going, the vacation itself, and the third one after to get rested from the rigors of the holiday.

One can no longer toss a few clothes in a bag, toss the

bag in a car, and take off, Jeff points out, not if one is to go by the book and it seems now that most of us depend upon how-to and what to do charts to guide our actions.

"Everybody has gotten into the act, and there is a lot to do before going away," Jeff went on. "Stop all deliveries; turn off the refrigerator; turn off the master switch; if you have a dog or cat take him or her to a vet if you can't palm them off on a relative or neighbor."

"But one has to remember that you can push a relative or neighbor just so far. Probably it's far enough if you get them to water your plants or cut the grass. Lock the windows, lock the doors. Notify police and/or neighbors that you are going away and that you have left no instructions for anyone to move anything out of the house."

"Have someone to pick up the mail and don't leave a note in the mailbox for any possible guest, saying that you are away and an extra key is under the third brick from the northeast corner of the garage. The reader of the note may be a burglar instead of a guest."

"Then you are advised to map out your course, a sort flight plan, and file a copy of same with a relative or friend. What a person is to do that is of orphan stock, lives in an isolated section where there are no neighbors, and is short of friends, is not explained. Probably the best thing for him to do is to stay home and not take a vacation."

"One also is advised to make sure of having a registration certificate for his car, a license card for his car and a driver's li-

cense. They should carry one's correct address and for that matter, one's right name."

"One also is reminded to take along a first aid kit, a cure for poison ivy, sun glasses, travelers checks, sunglasses, a checkbook, personal effects, travelers checks, flash lights, tow cable, travelers checks and a camera."

"Some vacation advisers suggest that one take film for the camera too, but if one has film that means that one will take pictures. In my book that shows lack of consideration for relatives and neighbors. You have already imposed on them by setting up a list of chores for them to do while you are away. Expecting them to look at pictures of your trip is too much to expect."

"I have done all those things I've been talking about," Jeff concluded, "and as a result am absolutely bushed. So I'm going to stay home and have a real rest. Like everything else vacations are becoming too complicated."

"I think it would be easier to take the house with you than to close it up."

The first student dance of the summer was held at 33-C school Thursday evening, June 11. Mr. and Mrs. Otto Moravec are the sponsors.

The Prima African Violet club met at the home of Mrs. William Drake in Lockport Tuesday morning of this week. Homer members are Mrs. Robert Shepherd, president, Mrs. Frank Loucks, Mrs. William Ziezemer and Mrs. Reed Burch. Breakfast was served at 9:30.

Miss Irene Smith of Chicago spent the past weekend with her former class mate, Mrs. Earl Burnworth on Bruce Rd.

Capt. and Mrs. Lee T. Nelson and children, Loudres and Chris, spent a few days last week in the Frank Loucks home. They were enroute to their home in Lawton, Okla., after spending three years in Germany. Mrs. Nelson is a niece of Mr. Loucks, and the daughter of Lawrence Loucks, formerly of Homer, now of Pasadena, Calif. Capt. Nelson has been in the army 14 years. On Monday evening, Mr. and Mrs. John Loucks and Miss Norma were guests in the Frank Loucks home.

Thirty five guests were entertained at a lawn party at the Herman Benck home following the Baccalaureate service last Sunday. The party was in honor of Miss Ruth Benck who graduated from LTHS this year. A picnic supper was served. Among the guests was Miss Irene Benck of Iowa City, Iowa. Others came from Joliet, Blue Island, Crete, Oak Lawn and Michigan.

Ralph Benck is expected home this week from Lincoln, Neb. to spend the summer here. Irene will be employed as a nurse at Shady Oaks Camp during the summer months and Ruth will also be a helper there.

Fire broke out in the Donald Culp home on Gougar rd. Tuesday and ruined the inside of three rooms before it was brought under control by the Lockport fire department.

It's the pH That Raises Hob With Cut Flowers — Says Expert

Floriculturist, U. of I.
Many home owners with flower gardens are probably wondering how to keep their cut flowers fresh.

The first step begins when the flowers are cut. Always use a sharp knife, and cut the stems with a slanting motion instead of straight across. A slanting cut does not damage the plant tissue and enables the plant to take up water.

The second step concerns the water in which the flowers are kept. Research has shown that flowers keep best under acid conditions. This is true regardless of temperatures. In Illinois, most water sources (tapwater in cities, wells or streams) are alkaline. Although the degree of alkalinity varies, most water supplies have a pH value of 8. This means that the water is definitely on the alkaline side.

To determine the alkalinity or acidity of water, the Central Scientific Co. of Chicago markets an indicator paper under the name of Hydriion Paper. Use of this paper is an inexpensive and satisfactory way to determine the pH of a liquid. And it is a desirable tool for every flower gardener to have. The paper is usually sold only in bulk quantities, but smaller supplies might be available from florists or garden clubs.

If you find that your water is too alkaline for cut flowers add some citric acid to make it more acid. How much to use depends on how alkaline the water is. Sulfuric acid can also be used, but citric acid is less caustic and is available in most drugstores.

The proper pH value for cut flowers ranges from 3 to 5. Any variation from that range will cause the flowers to dry out.

Reduction of the pH of water does not take the place

of commercial preservatives that are available at all florists. But even with preservatives such flowers as roses and stocks are short lived in the home.

Auxiliary Police To Patrol Area

By MRS. EMIL WILLE
Frankfort 3161
The Auxiliary police of Will county met June 11 with Chief Deputy Sheriff Lee Ruphard and Deputy Wayne Thornburg.

Announcement was made that there will be patrols going out from this group in the community over the July 4 weekend, to assist in traffic tie-ups, if any, and to help prevent accidents. The purposes of this police auxiliary are: 1. To assist and cooperate with all law enforcing officers 2. To protect life, limb, and property. 3. To combat juvenile delinquency. 4. To strive constantly for improvement in

relations between the public and law enforcement officers. 5. To render aid in all emergencies and to accident victims. 6. To render any and all of the above mentioned services as gentlemen and in keeping with the higher standards.

Most of the members have completed the Red Cross training and are about to take their tests. The next meeting of the group will be July 19 at 9 p.m. at the Nicholson farm.

Mrs. Rita Guth and children, Pat, Thomas, and Mary spent Monday at Downers Grove with Mrs. John Kus and family. Thursday in company with Mrs. Eleanor Guarine and daughter Sandra and Tammy Darrin, they enjoyed the day at Riverview Park.

FREE HEATING OIL...in case of sickness or accident

Who's that you're dreaming about? Why, that's you, Mac—next winter! And shoveling snow is one way of keeping warm. But the easiest way is with Marafuel heating oil. And in case of sickness or accident, the heating oil costs you nothing under the Marafuel® Budget Plan*.

That's right! If you're laid up for more than fifteen days—and the doctor won't let you go back to work—the Marafuel Budget Plan provides heating oil without cost to you. In case of death, the entire balance due under the Plan is paid for you.

NO MORE BIG HEATING BILLS Fuel bills start low and stay low with the Marafuel Budget Plan. They are at a 10-month low from September through June. There's no sudden jump when winter cold moves in and you need all the money you can spare for Christmas, warm clothing, taxes and such.

MORE REAL COMFORT ALL WINTER This sensational new kind of heating oil—produced by an exclusive new Marafuel formula—has the highest heat content you can buy. That means real economy and

comfort even in the coldest weather. Just as important, Marafuel heating oil is specially refined, screened and filtered to flow freely and burn clean for extra-long, money-saving burner life.

SAVE MONEY with a SUMMER FILL Get your heating oil at the season's lowest price by filling your fuel tank now. We won't bill you for your Summer Fill of Marafuel until fall. Then you pay the lowest price of the season, regardless of the October price. A full tank all summer guards against rust damage—ends empty-tank condensation problems that may cause trouble later.

Get the facts from your Marafuel dealer. Sign up for the best deal in heating oil. Do it today—you'll be glad you did all winter long.

School Census Figures Will Aid Board in Planning Future Growth

By MRS. LILLIAN KNOX
Fieldbrook 9-0211

The school census has just been concluded and it has just been learned that the following number of first graders now living in the Orland Park district will be attending the public grade school:

1959-60, 45; 1960-61, 55;
1961-62, 53; 1962-63, 46;
1963-64, 43; 1964-65, 13.

The school, reports superintendent Norbert Jerling, has grown in size from 155 in 1954 to 355 in 1959. If this growth continues at the same rate, school authorities estimate that the following will be the enrollment for the next five years:

1960, 447; 1961, 539; 1962, 631; 1963, 723; 1964, 816.

The school board is grateful to the Parent Teacher association for their work in carrying out the census. Mrs. Bischoff, PTA president, organized 25 members to conduct the census. Each home was visited.

Further planning for the growth of the district by the school board will be made during the coming year on the basis of the facts and figures in the census.

The quarterly meeting of the Methodist Women's Society of Christian Service was held June 11, in the church social room, with a good attendance. Mrs. Robert Plastow led the devotional period followed by the regular business session.

The members voted to have the meetings every other month instead of quarterly, starting in September.

Plans are in the making for a sweet corn supper when the corn is good and ripe.

The following officers were elected: Mrs. Robert Metzger, vice president; Mrs. Stewart Loebe, treasurer; Mrs. Sherman Knox, secretary of supply; Mrs. Harry Anderson, status of women; Mrs. J. F. Harold, secretary of student, children and youth; and Mrs. Ernest Bengtson, secretary of literature and publications. Rev. Plastow installed the officers and announced that at the Sunday morning service, September 13, all the officers along with the church officers, will be formally installed.

Also, the church picnic will be held Sunday, July 12 at the Gee picnic grounds, Highway 45. More details will be announced later.

The Esther Circle will have their meeting at the home of Mrs. Lester Sayers, Thursday, June 25. This will be a potluck dinner and will be served on the lawn, weather permitting, at 12 noon. Guests are invited.

After adjournment, Mr. and Mrs. Fred Blackstone showed colored movies of Hawaii. Ruth Circle served refreshments.

Francis James, son of Mr. and Mrs. Wm. Heiting of Homewood, graduated from St. Joseph's grammar school Sunday, June 7. The exercises were held in St. Joseph church with 113 graduates.

Grandparents, Mr. and Mrs. Heiting and Mr. and Mrs. Richard Ahlrep and daughter of Orland Park, and grandparents, Mr. and Mrs. Edward Cohrs of Homewood and daughter, Mrs. Jack Davidson and family of Tinley Park attended the graduation services. After the exercises, the above guests enjoyed a dinner served by Mrs. William Heiting on their lawn in Homewood.

Mr. and Mrs. Ray Estand and son Dale of Marinette, Wis., visited his parents, Mr. and Mrs. George Estand Thursday, On Friday they visited Mr. and Mrs. Herbert Tappenbeck of Blue Island, parents of Mrs. Ray Estand. Sunday the Estand family were dinner guests of Mr. and Mrs. Earl Moore. The Ray Estand family left Sunday evening.

A kick off parade for the baseball season of the Little League was held Sunday, June 7. A float decorated by the Auxiliary of the league, with Jean Flondor as queen and her attendants, Mary Ann McBride and Leslie Evans, was one of the highlights. Mayor Walter Schussler and village officials led the parade followed by the

firemen were summoned to 10401 West 143rd st., where a short in an electrical box caused a fire. Wednesday evening, they were called to 14306 Union ave. where the rear porch steps were on fire with slight damage.

The firemen were very pleased with the wonderful response on their drive for funds toward their new building and thank all who have contributed. Many more homes are still to be contacted.

The state music contest was held at York Community High school in Elmhurst. Carl Sandburg High school concert choir took second place rating and each member of the choir received a medal.

Schools holding a double "A" rating were eligible for the contest. About 50 schools participated.

The total collected on Doughnut Tag day last Friday was \$200. The volunteer taggers were Mabel Ekberg, Blenda Buck, Dagmar Myrick, Lillian Knox, Edyth Granat, Hil-da Nitsche, Sarah Myrick and Annice Eckert.

Mrs. Karl Ekberg had as Sunday dinner guests Mrs. Grace Bartaletti, Mrs. Anne Bartaletti and Miss Lucille Dorington, all of Chicago.

A young man and young woman will be added to the faculty of the grade school this year. They are seeking living quarters. If anyone has a room or small apartment available, please notify the school, phone FI 9-0051.

Mrs. R. Anderson of St. Petersburg, Fla. is visiting her daughter, Mrs. Gene Bates and family.

Mabel Ekberg and Lillian Knox attended the Indian festival at the Farm of the Community Center Foundation Saturday, which the Palos Park Woman's club sponsored.

Steve Black, son of Mr. and Mrs. Robert A. Black, R. 1, was honored at a recent Sunday dress parade at Kemper Military school, Boonville, Mo.

Moss in Lawn? Soil Probably Needs Fertilizer

By JAMES FIZZELL

Cook Co. Asst. Farm Adviser

The presence of moss in lawns can be due to a number of factors, all of which can be traced to environmental or soil conditions, which are detrimental to the good growth of turf grasses.

If moss is present in a lawn it is a good indication that something is preventing the grass from growing. The most common factor is depleted soil. Moss is much better adapted to growing in poor soil than grass. Fertilizing with a good lawn fertilizer in spring and early fall will help the grass to grow and eliminate the moss.

Poor drainage can also be responsible for moss. Low spots in the lawn should be filled in to provide natural

runoff for water. In some cases, tile will be necessary to get proper drainage.

Excessive shade is a factor which is common in city lawns. Thinning tree branches can be helpful, but a grass such as creeping fescue or Poa trivialis which is adapted to shaded areas should be sown.

Few lawn grasses grow well in acid soil. The only way to tell if soil is acid is to have it tested. Contact the Farm Bureau office in Tinley Park for information on soil testing. If the soil is acid, the re-

sults of the test will give instructions on how to correct the situation.

In areas where there is a dense mat of moss on the lawn, it should be killed by spraying with a 5% solution

of iron sulfate. This will stop the moss from growing while the lawn grasses become established, provided that the factors responsible for the moss are remedied.

Awards, Scholarships Given Out At Annual Senior Ceremonies

The graduating class of 116 at Lincoln-Way community high school was the recipient of many scholarships and awards at the annual awards ceremonies.

Eight students had a grade point of 3.5 which means that the scholastic average was nearly an A. They are: Dona Anderson, Vivienne Eisenbrandt, Geriann Hull, Jean Ann Meyer, Dona Miller, Charles Otto, Doris Smith and Sandra Swinford.

Twenty-six students had an average of B or higher in the graduating class. These are: Dotte Anderson, Pat Bradley, Margaret Campbell, Patty Dath, Roseann Delaney, David Donaldson, JoAnn Hansen, Anne Hobbs, Ronald Hughes, Fred Kieslar, Wayne Klasing, Al Krusemark, Jim Landfried, Marie LaVinn, Diana Manikowski, Linda Matasovic, Arlene Otis, Alan Pius, Douglas Porick, Bill Remien, Evelyn Rowswell, Marilyn Sayers, Marilyn Schultz, Madeline Selnik, Mary Ann Snider and Kathy Zum Mullen.

Margaret Campbell received the Hedges Clinic Scholarship from Dr. Claude Otto.

Douglas Porick received the Western Actuarial Bureau Scholarship from Mr. Lyman Teague.

National Honor Society Scholarships of \$50 went to Vivienne Eisenbrandt, Geriann

Hull, Dona Miller, Marilyn Sayers.

Doris Smith and Geriann Hull received the UNICO National Scholarship.

Sandra Swinford was the recipient of the DAR Award. The Math Award went to Tom Miller.

William Klinger, Marilyn Schultz and Ella Jensen were given art awards by Kathy Berlin.

The DeKalb Award was won by Jim Gast of the Lincoln-Way Future Farmers of America.

Helen Sluis won the Betty Crocker award from the Home-making department.

Norma Heldrich was the winning girl in the American Legion award with Doris Anderson the runner up. Fred Kieslar and Charles Otto tied for the honor among the boys. Jim Gast was runner up.

The Arion Music award went to Charles Hammond.

State Teacher's scholarships were won by Doris Smith, Jean Ann Meyer, Sandy Swinford and Vivienne Eisenbrandt. This scholarship carries full tuition and fees to any of the state teachers colleges providing the students will promise to teach, upon graduation, in the State of Illinois. The alternates were: Dotte Anderson, Marilyn Sayers, Pat Dath and Janice Kadow.

are said to be the most research minded of all American industry. This has resulted in many sensational developments. Polyethylene may be the first plastic to attain the billion pound a year goal and possibly by the end of 1960.

Ready availability of oil and natural gas as raw materials for petrochemical development has resulted in heavy development of this industry along the Gulf Coast of Louisiana and Texas. About 85% of the activity in this field is in that coastal area.

As to chemical industry generally, premium plastics are now being marketed which can compete with metal and glass. Plastics are now being produced that can claim a price advantage with ease of fabrication, superior temperature resistance and physical stability.

Detergents have hit the soap market hard with non-soap cleansing agents having about 75% of this market. Synthetic fiber sales have increased approximately 600% while wool sales have fallen about 40%. A number of new plastic products for the building industry are now starting to receive approval from architects and building code authorities. This is expected to be a very large field.

The chemical industry is relatively free of cyclical fluctuations and international developments. Mutual Funds have been increasing their investments in the chemical industry and a few of these funds specialize in the chemical industry.

to secure the funds needed for this constant growth.

Other than the oil and the natural gas firms important in the petrochemical field, the following are a few of the leaders in the chemical industry: Abbott Laboratories, Air Reduction, Allied Chemical, American Cyanamid, American Potash and Chemical, Atlas Powder, Columbian Carbon Co., Dow Chemical, du Pont, Harshaw Chemical, Hercules Powder, Hooker Chemical, Olin Mathieson, Koppers Co., Monsanto Chemical, Parke Davis, Pfizer and Co., Spencer Chemical and Union Carbide.

"Too often motorists tend to forget the spring tuneup for their automobiles, feeling that with the warmer weather all their motoring problems are behind them," he said. "But an overheated car, stalled on a hot, sunny day, can be just as exasperating and uncomfortable as a dead battery in the middle of winter."

Struben offered the following tuneup suggestions to improve your car's performance during the hot summer driving months ahead:

Drain and flush radiator; refill with clean water and a good rust inhibitor.

Check operation of thermostat.

Check brake drums and linings for excessive wear; see that brake fluid is at proper level in master cylinder.

Rotate tires, bringing spare into use.

Check aiming of headlights; see that tail, brake and direction-indicator lights are in perfect order.

Check cell condition and fluid level in battery. Do not overfill; too high water level could cause battery breakage.

Drain engine oil and renew filter element; refill with the recommended summer grade. Completely lubricate chassis. Inspect windshield wiper blades.

Check carburetor operation; make certain automatic choke mechanism works freely.

Clean air filter.

Check ignition system and voltage regulator output.

Check shock-absorbers.

Check muffler and tail pipe for tightness.

From comparatively tiny beginnings at the turn of this century, the chemical industry

has grown to the point where it now contributes in some way to almost everything we eat, use, buy or wear.

The chemical industry is now a favorite field of investment with a growth factor about three times that of the average industrial group growth. Industrial production has increased at a rate of about 3% per year during the past 25 years whereas the chemical industry has increased at about 9 per cent per year during the same period.

This industry is important in pharmaceuticals, enriching soil; gutters, cement and paints for buildings; much of fabrics for clothing; soaps and cosmetics; cars and trains. Aircraft and rockets are forging ahead at a rapid rate due to development in new fuels with high energy. This military fuel development is expected to bring forth important changes in fuels which will be common to internal combustion motors of the future.

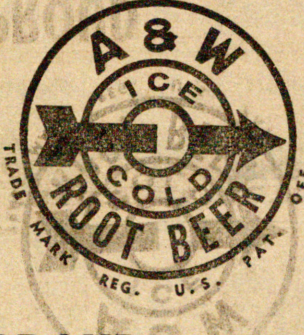

The term "petrochemical" is said to have come into use in 1942 when Carbide & Carbon Chemical Co. and Standard Oil of New Jersey started production of acetone, ethylene oxide, glycol and isopropanol, etc. Today production of chemicals from oil and natural gas has risen astronomically. Petrochemical activity now accounts for half the dollar value of total chemical output. be part of petrochemical group Those firms commonly said to
